

Overtime hours by age group (pop.-adjusted weights) (October 2022 = 1)

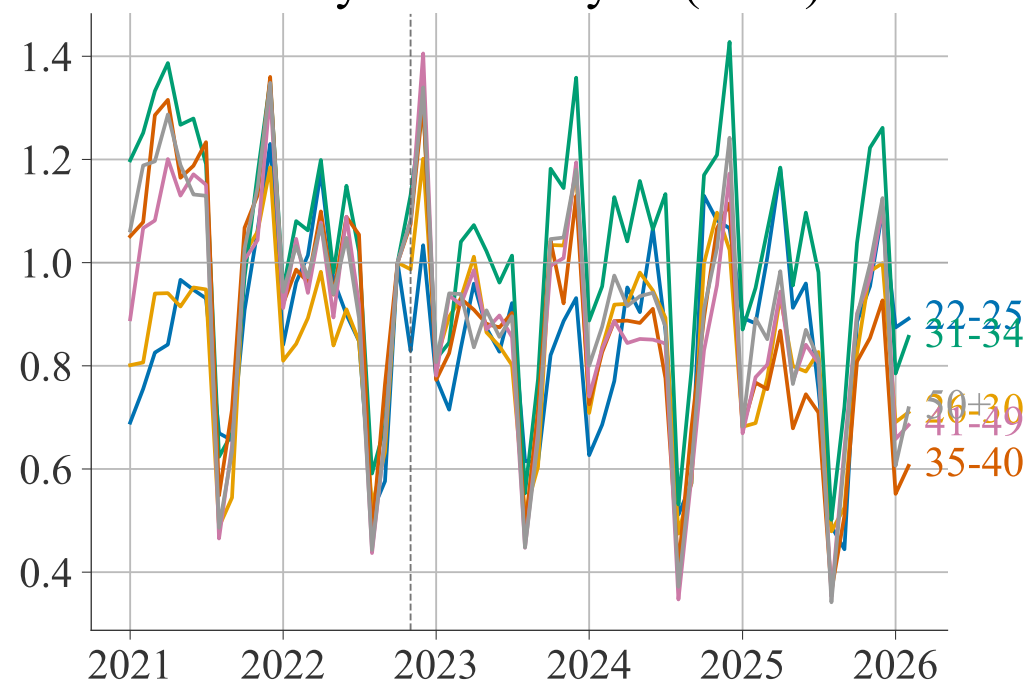

Software developers (2512–2514, 2519)

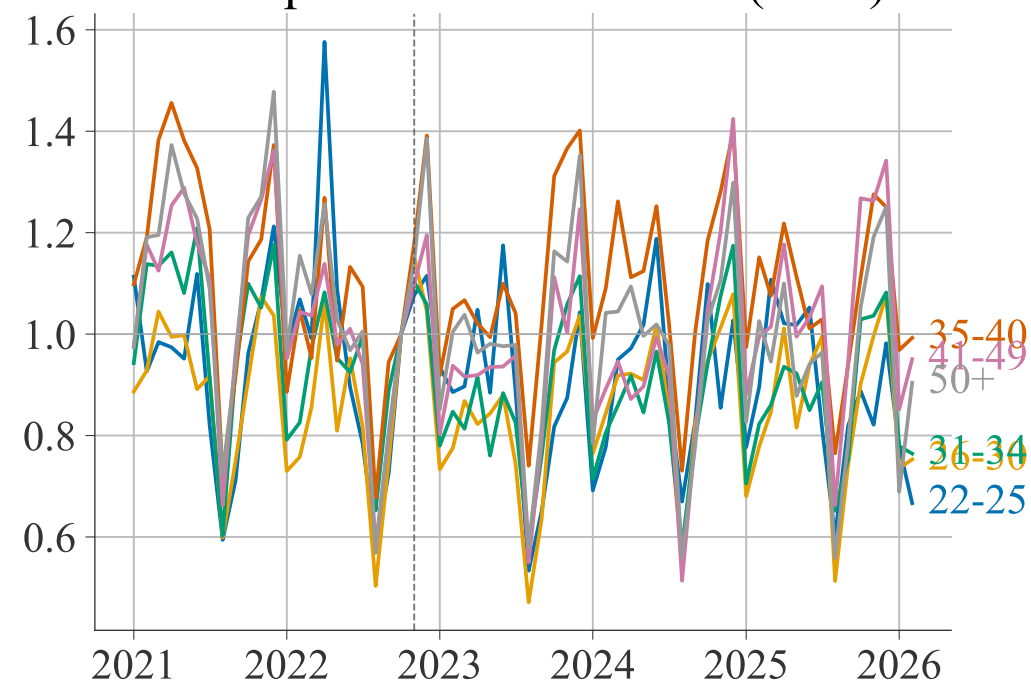

Customer service agents (4222)

ICT systems analysts (2511)

ICT operations technicians (3511)

Notes: Mean overtid_timer from Norwegian A-ordningen register data, normalized to October 2022 = 1. Weights are employment per capita (SSB table 07459) with composition adjustment (ref: 2021-Q1). Dashed vertical line marks the launch of ChatGPT (November 2022). Multi-code occupations are employment-weighted.
